

Bachelor of Science in Kinesiology (EC-12)

The mission of the Kinesiology all level certification program is to prepare physical educators who will effectively teach and promote healthy and active lifestyles to all students and the community.

Program Goals

I. Candidates will demonstrate an understanding of motor skill development, and the components of health related fitness

II. Candidates will learn to effectively communicate the importance of health, wellness, and physical activity in schools and the community

III. Candidates will learn to implement "Quality" physical education programs in schools

Program Student Learning Outcomes

(What should candidates be able to do when they leave the program?)

SLO 1

Enhance students' motor development by effectively teaching motor learning principles, processes, and concepts. Apply knowledge of techniques for evaluating motor skills, detecting errors, and provide corrective feedback. Effective evaluate and interpret components of health related fitness.

SLO 2

Effectively advocate and discuss current issues in health, physical activity and wellness.

SLO 3

Effectively plan, teach, and assess quality physical education in an EC-12 school setting.

Assessment of Outcomes

(How will you know candidates' demonstrated the SLOs in courses and in the field? There needs to be three (3) measures for each SLO.)

1. Measure and interpret physical fitness components (KINE 2300)
2. Prepare and teach developmentally appropriate physical activity lessons (KINE 2316)
3. Clinical and Field Experiences (EDCI 3301, EDCI 3304, EDCI 4993)

1. Research papers and presentations (KINE 4305)
2. Advocacy school board presentation (KINE 3305)
3. Clinical and Field Experiences (EDCI 3301, EDCI 3304, EDCI 4993)

1. Lesson plans and peer teaches (KINE 3305)
2. Video analysis (KINE 3305)
3. Lesson Plan design (KINE 3305)
4. Clinical and Field Experiences (EDCI 3301, EDCI 3304, EDCI 4993)

Teach individuals in professional or academic settings in best practices of physical education. and how to live a healthy and active lifestyle for a lifetime.
